Finally, The Best of The Best Is Coming To Our Area!

Dear <first name>

As you know, I attend many business events, meet numerous good people, and do my best to network and stay plugged into our business community. Later this summer I will be launching a newsletter featuring many of the people and companies I associate with. Occasionally I'll be hosting instructional programs and networking events for a select group of VIP people like you.

During the past year, I have become involved with the Glazer-Kennedy Insider's Circle. Not to be confused with a networking or civic organization, this is a well-established nationwide marketing group with thousands of members representing over 156 different industries, and who are doing exceedingly well all around the country in economically challenged areas like our own. Due in large part to associating with them and implementing their methods, this year has been one of my best ones ever! More importantly, my clients are also benefiting directly by getting even better results. It's something I've never been able to fully explain in a regular conversation.

Last-Minute Opportunity To Join Something BIG Coming to Genesee County

Through very fortunate circumstances, while attending the 2011 Optimist International Convention in Baltimore, MD, I had the opportunity to meet Bill Glazer, best-selling author and president of Glazer-Kennedy Insider's Circle. Bill was super friendly and supportive. Using persuasive, sincere flattery— and some begging and pleading— I have arranged for one of their most popular workshops to be held right here in Grand Blanc!

The following letter explains everything. I'm counting on seeing you there!

Warm Regards,

Dave Crabill, President

P.S. If you want to contact me, I welcome your call at 810-471-7767.

P.P.S. My apologies for the short notice. Seating is limited so I urge you to act now. Do not procrastinate; it's not likely we will get this program again here anytime soon.
